

Need a new perspective?

Ready to get out of the maze?

*Managing today's classroom can feel like navigating a maze. Different personalities, different backgrounds, and different styles all converge to create an interesting (to say the least) classroom atmosphere.*

***What do you do about it?***

*How can you maximize students' attention and focus, and enhance their ability to get along? Check out Quantum Learning's*

## *Excellence in Teaching* Classroom Culture and Management

Build a positive culture that breeds academic and personal excellence by establishing and maintaining an empowering classroom climate. You'll learn proven methods to engage students with their learning, remember what they're taught, and develop a more can-do attitude about school and education. Discover how you can create an intellectually engaging, down-to-business, and successful classroom culture built on safety, support, and belonging.

You'll learn and experience strategies proven to:

- Create an engaging, intellectually challenging, classroom atmosphere
- Decrease classroom behavior issues and increase time on task
- Foster greater student responsibility and ownership for learning
- Heighten motivation and upgrade your students' performance
- Boost your confidence and competence as a highly-effective teacher
